GUEST VIES WITH HOST

President Loubet And His Com-
patriots Lavishly Return
Hospitality.

GAIETY AT FRENCH EMBASSY
King Edward Cordially Receiv-
ed. Notable Guests Includ-
ing Choate, There.

London, June 7.—France lavishly re-
turned Great Britain's hospitality to-
night by a dinner given by President
Loubet to King Edward at the French
embassy. The scene around the em-
bassy was most animated. King Ed-
ward and President Loubet both ar-
rived there with military escorts. The
king was met at the depot of the em-
bassy by M. Loubet, who had arrived
there a little earlier than his majesty.
The interior of the embassy was pro-
fusely decorated, while the walled ban-
quet hall was transferred into a bower
of roses as a compliment to King Ed-
ward. The tables, which were oblong,
were open at one end. M. Loubet sat
at the closed end, with the king on his
right and the prince of Wales on his
left. The guests included premier
Balfour, Colonial Secretary Chamber-
lin, Foreign Minister Lansdowne, United
States Ambassador Choate, and
Ambassador Cambon.

THE COLOMBIAN VIEW.

Thinks Indemnity and Rental for the
Canal is Too Small—Wants
the Earth.

New York July 7.—Senator Pedro Valez
a member of the Colombian congress
from Cartagena, and a brother of Gen-
eral Luis Valez, ex-governor of Bolivar
has arrived in this city by way of Cu-
ba. He will return to Colombia next
week to take his place on the committee
on whose report probably will depend
the fate of the treaty. He does not ex-
pect a decision before the end of Aug-
ust as congress must give the measure
careful consideration.

"The country in general," he said, "is
strongly opposed to the treaty. The
people object to the permanent cession
of a part of our territory to the United
States. Then, too, they think that
this country has not been generous
enough in the matter of indemnity and
rental."

"Of course, the United States is the
only country which can build the canal.
The fortifications of the canal practi-
cally are equal to the doubling of this
country's navy. In return for this great
advantage Colombia wants something
of more permanent good than the mere
money consideration."

"We realize, though, that Colombia
will be benefited by the increased ship-
ping facilities from the Pacific to the
Atlantic and the value of land will be
enhanced. It will also revive some of
our dormant industries and give em-
ployment to thousands."

"I doubt that President Marroquin
will use any executive pressure to se-
cure the passage of the treaty, but will
leave it entirely to the legislature."

CASSINI WILL RETURN.

Russian Ambassador Sails for Home
on Kronprinz Wilhelm.

New York July 7.—Count Cassini the
Russian ambassador who is to sail on
the Kronprinz Wilhelm today has ar-
rived here from Washington.

"I will surely return in September,"
he said. "That is positive. The reports
which many papers have printed to the
effect that I would not return are un-
true. No doubt there are many per-
sons who would not like to see me re-
turn, but I am coming back."

Count Cassini declined to discuss any
phase of the Russian situation. He
said:

"Russia and the United States have
always been good friends and I hope
that nothing will ever occur to mar the
relationship."

HEAD ON COLLISION SNUFFS OUT LIVES

Coach Full of Colored People Tele-
scoped Through Misunder-
standing of Orders.

Washington, July 7.—Twenty-four
persons were killed and nine injured
in a head on collision on the Virginia
Midland division of the Southern rail-
way at Rockfish, Va., this afternoon.
A passenger train from Washington,
for Atlanta, dashed into a local freight
which was standing on the main line
of the road at that point, wrecking
both engines, and the baggage and ex-
press cars of the passenger train. The
baggage car and second-class passen-
ger coach immediately following it tel-
esoped. The coach was occupied by
colored people.

The engineer of the freight train had
orders to get out of the way of the
passenger train, but for some unex-
plained reason he oversteered his time
and failed to take the siding so the
passenger could pass. The trains came
together with a horrible crash and a
fearful scene of panic ensued.

LAWMAKERS WILL INVESTIGATE

Fifty Members of British Commons to
Visit Canada.

Toronto, Ont., July 7.—Dr. John H.
Lunn is here arranging for a visit to
Canada on August 29 of the party of 50
prominent Englishmen, members of
parliament and others who are coming
to Canada to study the trade and in-
dustrial conditions in Canada before
dealing with the problem in the British
house.

An elaborate program has been ar-
ranged for the party in the eastern
cities. Toronto will be reached during
the industrial exhibition. The party
will be entertained by the premier and
also by officers of the Grand Masonic
Lodge of Canada.

From Toronto the party will go to
Winnipeg, Edmonton, Banff, Vancou-
ver and Victoria, returning via the
Great Lakes to New York. Arrange-
ments also will be made to visit Bos-
ton and Philadelphia. The return trip
will be made from New York October 3.

GRAVE QUESTIONS DISCUSSED.

Roosevelt and Secretary Hay Hold Im-
portant Conference.

Oyster Bay, July 7.—Secretary Hay
is the guest of President Roosevelt
tonight at Sagamore Hill.

Matters of grave importance to this
country, in its international relations
were under consideration. They con-
sidered in all its phases the Russian sit-
uation, particularly with respect to the
Biala Bitch petition, which it has been
determined will be forwarded to the
Russian government, and the Alaskan
boundary question. They continued
their conference until far into the night.

Senator Hanna will cruise along the
north Atlantic coast for several weeks
in the yacht Alvin.

"Have I retired from business?" said
Senator Hanna, repeating an inquiry
put to him by newspaper men. "I
should say not. I never retire from
anything."

ROBBER HOLDS UP STAGE.

Compels One Passenger to Collect Val-
uables from Others.

Colusa, Cal., July 7.—The Bartlett
Springs stage was held up by a lone
highwayman on the Brim grade Mon-
day evening, at the same place the
stage was held up a year ago. From a
description of the robber he is thought
to be the same man.

The coach was going up a steep
grade when the driver was startled by
the loud command:
"Driver, stop that team! Every
hand up! Now, you passengers, climb
out and line up."

After the passengers had lined up, the
robber ordered one passenger to make
a collection with a sack, and ordered
the others to drop their valuables in
it. When this was completed he or-
dered all back into the coach re-
marking:

"I intend to camp here until night
and will shoot the first man who at-
tempts to come back." Then he told
the driver to go ahead. He secured
about \$142.

SUMMER SCHOOL OPENS.

Plattsburg, N. Y., July 7.—The
12th annual session of the Catholic sum-
mer school of America at Clifton-on-
Lake Champlain, has opened here un-
der most favorable auspices by Pres-
ident M. J. Lavell. The sessions will
continue until September 5.

BRILLIANT RECEPTION

American Squadron Is Royally
Entertained While Lying In
British Waters.

COTTON AND CAPTAINS DINE
King Edward Welcomes Fleet
And Will Receive In
London.

Portsmouth, England, July 7.—With
the boom of cannon, the British fleet,
on behalf of King Edward, welcomed
the United States European squadron
to Great Britain's naval headquarters
this morning. The gunboat, Machias,
joined the flagship Kearsage, the Chi-
cago and the San Francisco early in
the morning and shortly after 8 o'clock
signals began to flutter from the mast
heads of the American and British
ships. The latter, in obedience to a
signal from Lord Charles Berford com-
mander of the Channel squadron, form-
ed two lines and down this lane of huge
gray warships moved the Americans,
their white sides gleaming in the sun-
shine.

Portsmouth, July 7.—The American
squadron's first day in British waters
has ended as brilliantly as it began.
While Admiral Hotham entertained
Admiral Cotton and the American cap-
tains at dinner tonight, the junior of-
ficers of the United States vessels
were dining on board the British gun-
nery ship Excellent.

English and American ships were il-
luminated tonight, the spectacle at-
tracting thousands of onlookers who
watched it from the flag bedecked
streets. Outside Spithead the British
channel squadron lay outlined in white
electric lights.

The following dispatch has been re-
ceived by Admiral Cotton:

"Buckingham Palace—The king wel-
comes you and your squadron to Eng-
land and is looking forward to greet-
ing you and your brother officers in
London."

Admiral Cotton immediately replied
as follows:

"Rear-Admiral Cotton acknowledges
with grateful appreciation his majes-
ty's cordial welcome to England and
accepts with great pleasure the honor
of meeting and paying his respects to
his majesty in London."

CYCLED ACROSS CONTINENT.

George Wyman Made Trip From San
Francisco to New York
In Fifty Days.

New York, July 7.—George Wyman,
a motor cyclist, has reached this city
on his machine from San Francisco and
has the distinction of being the first
man to cross the American continent
on a power propelled road vehicle. He
had ridden, peddled and pushed his ma-
chine from San Francisco to New
York in 50 days, including stops.

Wyman's route was through Nevada,
Utah, Wyoming, Nebraska, Iowa, Illi-
nois, Indiana, Pennsylvania and New
York. For much of the way he crawl-
ed through snow banks in Nevada,
Utah, Wyoming and Nebraska.

FOUR HOBOS KILLED.

Butte, July 7.—A special to the Miner
from Harve, Mont., says:

A freight wreck, caused by a de-
fective rail, occurred early this morn-
ing near Midvale on the Great North-
ern railway. Forty-six boxcars were
ditched. Four hoboes were killed.

MORE TROUBLE IN STORE FOR EVANSVILLE, IND.

General Arrives With Troops—Sheriff
Afraid to Leave Prison's
Protection.

Evansville, July 7.—Evansville to-
night is obeying orders of the mayor,
and people are keeping off the streets.
There are nine dead, one dying, three
others fatally hurt and 21 more or less
injured as a result of last night's riot.
Four died today.

Eight companies of militia and one
battery have arrived in Evansville.
General McKee, who is in command, ar-
rived this afternoon and immediately
held a consultation with the mayor and
the committee of public safety. Gen-
eral McKee asked for the cooperation
of Sheriff Katz, but that official tele-
phoned from the jail that it would be
death for him to leave the protection
of the troops and he is still entrenched
behind the guns of soldiers and the
walls of the prison.

General McKee said tonight that he
thought the troops now here would be
sufficient for all emergencies, but the
expression heard in the streets is:
"Wait 'till the soldiers go away."
There will be trouble again.

REMOVED FOR SAFE KEEPING

Negro Who Started Race Riots Spirit-
ed Away.

Vincennes, Ind., July 7.—Lee Brown
a negro who was in jail here for safe
keeping after he had killed Officer Mas-
sey at Evansville and precipitated the
race riots there, today was taken to
the state prison at Jeffersonville by
Sheriff Summit on an order from Gov-
ernor Dubin. At Jeffersonville Brown
cannot be reached by a mob. The ne-
gro was barely alive, and had to be
given stimulants and be worked with
for two hours by Doctor Decker before
he could be taken to the train. His
removal caused great relief here, where
the worst was expected tonight.

MAY RENOUNCE ALLEGIANCE.

Bourke Cockran Considers Becoming a
Subject of John Bull.

New York, July 7.—For some time
past rumors have been afloat that Bour-
ke Cockran of New York, might be in-
clined to accept a seat in the British
parliament and join the forces of the
Irish party. Commenting on these re-
ports, the Herald's London correspond-
ent asserts that Mr. Cockran is not
only giving serious consideration to the
question whether it will not be to his
best interests to make London his
home henceforth, but is also consider-
ing the renunciation of his American
citizenship.

CABLE NOT YET READY.

San Francisco, July 7.—While the Ma-
nila cable is completed and in working
order, the official announcement has
been made, upon notification from head
quarters, that the cable will not be
open for business before the 15th of this
month, and the probability is the open-
ing day will be sometime later in the
month.

NOTED AUTHOR DEAD.

New York, July 7.—Dr. Charles Lan-
caster, author of several medical books
and high school grammars, is dead at
Plainfield, N. J., in his 96th year.
In his early manhood, Dr. Lancaster
was an intimate friend of Holmes,
Longfellow, and other poets.

THOUGHTFUL TO THE LAST

Beseches His Physician To Leave
His Bedside And Seek
Needed Rest.

EXCITEMENT HAS SUBSIDED
Revival Of Aged Patient After
Operation Calms People—
Sleep Not Peaceful.

Rome, July 8, 2:15, a. m.—The pope
is now sleeping, but his head lies un-
easy on the pillow. Alleviation
brought about by yesterday's operation
of removing fluid from his pleura was
followed later in the evening by a rest-
less period, and fresh doses of chloral,
digitalis and caffeine had to be admin-
istered. Under their influence the pon-
tiff fell into slumber, which, however,
was not very peaceful, on account of
the difficulty the patient has in breath-
ing. Seeing Dr. Lipponi always at his
bedside, the pope, just before falling
asleep, said kindly to him:
"Now, it is your turn tonight. You
must sleep."

Throughout the Vatican absolute
calm prevails tonight, the excitement
of yesterday having to a great extent
died out with the revival of the pope
after the announcement that yester-
day's operation was ended with suc-
cess.

GOTTI AND THE POPE.

Eminent Cardinal Has Long Interview
With Pontiff.

Rome, July 7.—Much significance is
attached to an extended visit made to-
day by Cardinal Gotti, prefect of the
propaganda, to the sick room, from
which other conspicuous members of
the Sacred college are excluded. Car-
dinal Gotti's interview lasted 20 min-
utes, even doctors and attendants with
drawing and leaving him alone with
the pope. This has naturally opened
a wide field of speculation. It is even
asserted on authority of one cardinal
that Pope Leo expressed the hope that
in the event of the succession falling
on Cardinal Gotti he might have the
strength to take up and carry forward
the work thus confided to him.

SUMNER IS BEACHED.

Effects of Running on Reef Almost
Swamped the Vessel.

Washington, July 7.—Quartermaster
Humphrey has received a cablegram
that the Sumner has been pulled off the
reef, but her hull was damaged to such
an extent that the pumps were unable
to keep the water down. After steam-
ing 25 miles to Mauban, she was beached
on a mud bottom. The master of the
Sumner thinks the damage is not ser-
ious.

WARSHIPS AT BREMERSTON.

Seattle, July 7.—The naval squadron
under command of Admiral Glass and
composed of the New York, Benning-
ton and Marblehead, reached Puget
sound navy yard at Bremerton yester-
day. The Marblehead and Bennington
proceeded to take on fuel from the gov-
ernment coaling station preparatory to
sailing on the Alaskan cruise, probab-
ly this evening. The fleet proceeds
from Bremerton direct to Dutch har-
bor.
